

## Service-Learning Action Plan

Brief description of service-learning project:

---

---

How does this project provide a service to the school or community?  
What is the need or problem being addressed?

---

---

How does this project connect to your curriculum? What skills and/or academic content will be a focus for students' learning?

---

---

How will you prepare for this project? What do you need to do to take care of logistical concerns? (funding, transportation, adult supervision, etc.).

---

---

Who beyond your classroom will collaborate with you on this project? (other teachers, parents, community agencies, etc.)

---

---

How and how often will students reflect on their service-learning experiences?

---

---

How will students exercise choice and leadership in the service-learning project?

---

---

How will you evaluate students' learning?

---

---

How will you celebrate students' efforts?
