Childhood cancer can affect all kids differently. Kids can’t “catch” cancer from other kids, so you can play with them like anyone else.

Every day 36 kids are diagnosed with cancer.

Doctors are working hard to find new medicines to cure childhood cancer.

Kids are beating cancer more than ever.

But some kids still do not get better.

YOU CAN HELP KIDS WITH CANCER!

Hosting a lemonade stand can typically bring in $400 to help cure kids with cancer.

$50 can fund one hour of research to find new cures.
