

Serving Siblings of Children with Cancer

SuperSibs!

Powered by: Alex's Lemonade Stand Foundation

SuperSibs, a program of Alex's Lemonade Stand Foundation (ALSF), is dedicated to comforting, encouraging, and empowering siblings during their family's battle against childhood cancer, so these children and teens can face the future with courage and hope.

SuperSibs was originally founded in 2002 by Melanie Goldish. Learn about how it became a part of ALSF, the programs being offered and sign up for support at SuperSibs.org.

SuperSibs Programs:

- **Comfort and Care Services** 

Providing tools to help siblings during and long after this life challenge.

- **Sib Spot** 

This section of the website includes activities, words of support and resources for siblings and is divided into four age appropriate sections.

- **Sibling Ambassador Program** 

The Sibling Ambassador Program offers siblings of children with cancer an opportunity to share their stories and experiences with other kids, families, ALSF and SuperSibs supporters.

Other ways to get involved:

- **Feature your SuperSib's story on our website!** 

Read other sibling stories to help your SuperSib know they are not alone in their journey.

- **My Childhood Cancer** 

Share your voice and have your childhood cancer experience be counted. Register to join ALSF's Childhood Cancer Database Project (MyChildhoodCancer.org), to help us better understand how childhood cancer affects families.

About Alex's Lemonade Stand Foundation

Alex's Lemonade Stand Foundation (ALSF) emerged from the front yard lemonade stand of cancer patient Alexandra "Alex" Scott (1996-2004). In 2000, 4-year-old Alex announced that she wanted to hold a lemonade stand to raise money to help find a cure for all children with cancer. Since Alex held that first stand, the Foundation bearing her name has evolved into a national fundraising movement, complete with thousands of supporters across the country carrying on her legacy of hope. To date, ALSF has funded hundreds of childhood cancer research projects across North America and developed resources for families of childhood cancer.
