## Make Your Own Leaf Wreath!

### What You'll Need:

-  About 20 fresh fall leaves in various colors
-  Paper plate or cardboard
-  White school glue
-  Scissors
-  Ribbon (optional)

Parents connect with us on Facebook @SuperSibsALSF and share your SuperSib's story at [SuperSibs.org](https://www.supersibs.org).

### Directions:

- 1 Collect a pile of your favorite leaves (choose ones that are soft instead of crunchy).
- 2 With help from an adult, cut a circle out of cardboard or use a paper plate. Then cut out the middle leaving a 2" border.
- 3 Start by gluing a leaf to the border. Then glue each leaf, slightly overlapping each new leaf with stems pointing inside the circle.
- 4 Snip off the stems and add a ribbon or other decorations to make it all your own!
