latte love this
Valentine's
Day, SuperSib!

SuperSibs 
Supporting Siblings of Children with Cancer

Happy Valentine's Day, SuperSib!

Here are some ways to celebrate with a friend or on your own!

Take A Walk

Get some fresh air at a nearby trail or park, visit your favorite outdoor spot or try somewhere new!

Learn Something New

Check out cooking lessons on YouTube, learn to play piano with a piano tutorial app, or expand your vocab with a text from Word of the Day.

Laughter Has Some Real Health Benefits — No Joke!

Release endorphins, reduce stress, and feel good by looking up a new joke each day. Make a friend's day by sending one their way!

Tidy Up!

Keep things that bring you joy, de-clutter or donate the rest.

Reach out to a friend

Send a text or call a friend you haven't talked to in a while. Remind them that they are important to you!

Have other ideas? With your parent's permission, share them with us!
